

Loving one another. Learning for our future.

‘Our school community is inspired by the parable of the Good Samaritan from the Bible (Luke 10:25-37), where we are encouraged to love one another with courage and compassion. Through friendship, kindness and thoughtfulness, we will nurture each other to learn and flourish as individuals.’

Living our Vision

01 October 2021

Year 4's Blog

Welcome to Year 4's epic blog.

In Maths We have been learning about partitioning to 1000. We also did word problem solving. We solved problems that was in base 10 then we answered in numerals and words. We also partitioned whole models, which are circles that are connected to other circles where we wrote the partitioned numbers. E.g. $5624 = 5000, 600, 20, 4$.

In English we learnt how to write conjunctions. Conjunctions are words that merge together. Words like: and but, before, after, when, since, until and because. We then filled the blanks in a paragraph called Emma's Journey with time conjunctions. We also wrote our own sentences using time conjunctions. E.g. Since I was a child I hated dark chocolate. In another exercise we underlined casual conjunctions in sentences that are: although, despite and even though.

In Science we drew a detailed butterfly to study the insect carefully. We then explained our drawing and what challenges we had. The antennas were the easiest. The wings and the patterns were the hardest.

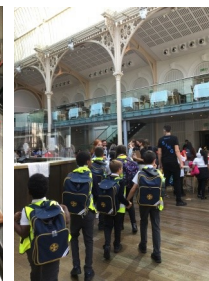

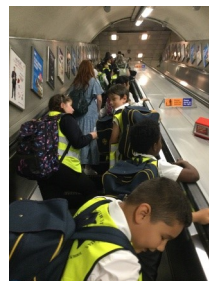

In DT we are making a money container. Some of us started stitching our purse and putting decorations on.

In RE we were learning about the story of Moses from the Bible. We answered questions like what God wanted Moses to do. More questions were asked. One was if we believe in miracles. Sara answered yes, because God created the world so definitely he can split the sea in to two.

ROH Trip

We were lucky enough to go to the Royal Oprah House in Covent Garden. We took the train to get there and had some lunch and rested a bit . Then we watched a play called The Magnificent Flute. It was about a girl being kid-naped and in the end she was reunited with her family. There was a lot of singing, we even joined in. It was brilliant.

We wish you a happy weekend! *By Cole and Sara*

SPECIAL DATES

- Harvest Festival at St Cuthbert's Church, Friday 8th October at 9:30am
- Half Term 25th—29th October

Julia YN "I drew my family. My Mum and Dad, I'm in my Mummy's tummy."

Raheem YR "In Maths we have been counting pictures on cards. I counted 1 bird, 5 flowers and 8 hats."

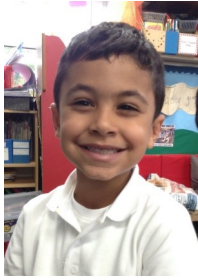

Good Samaritan

Our Good Samaritans this week are Mekheseb Y3 for constantly helping others with their work. Also volunteering twice to tidy up the cloakroom. Amiah and Jasmine Y2 for supporting a new class member so brilliantly.

St Cuthbert with St Matthias CE School

“Be the change that you wish to see in the world.” Mahatma Ghandi

Tememsegen Y1 *“In Maths we are learning to count in tens forward. We then filled the missing number with in 10. We practised to write numbers in words.”*

Lolowa Y2

“In Maths we learnt about comparing numbers using crocodiles. For example 10 is greater than 5 and 150 is less than 200.”

Year 5's Blog

Welcome to our very exciting blog, which we hope you will enjoy!

In English we learnt about adverbials. An adverbial is a phrase describing a verb and it shows how, when and where. For example five shepherds fall asleep near a field. The adverbial here is near a field because it shows you where it is. There are two types of adverbials: fronted adverbials and adverbials in the middle of the sentence.

In Maths we learnt about conversion. We looked at conversion between metre into kilometres, millilitre into litre and miles and kilometres. Then we drew a graph and we connected intermediate points like: 5 miles equals to 8 kilometres. We also learnt about 24 hour clock and we used chalk to draw a clock outside and we discovered the difference between the 12 hour clock and the 24 hour clock the 12 hour clock is divided into 2 segments whereas the 24 hour clock is a full rotation.

In Science we used the earth's rotation to explain day and night and the apparent movement of the sun across the sky. We went outside to measure our shadow in the ks1 playground and we measured it at 12:02. Our hypothesis was that the higher the sun was in the sky the shorter the shadow is. The closer the sun gets to the ground, the shadow gets the longer.

In DT we are making moving toys. We first made a prototype of a cam mechanism out of cardboard. We made ours individually and one of ours even worked! We made different cams like the pear cam, the snail cam, the lip cam and the circle cam. The snail cam was easy to make because it was just the shape of a snail and all it does is stay still and drops in a linear motion.

St Paul's Juniors trip

Since this is our second week we thought about writing it in the blog. We will tell you about our Latin class in St Pauls School. A few of us went on to attend a 2 hour Latin class which was about Classics. We looked at Roman culture, language and lifestyle. We joined the other children from other schools and the teacher was kind enough to give us KitKat and orange juice! *By Anna and Adeena ©*

HEADTEACHER'S LETTER

Dear St Cuthbert children and parents,

Despite some grey skies outdoors this week, our indoor learning seems to have been super-colourful!

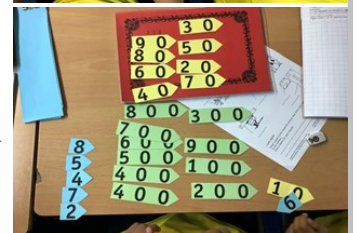

We would like to congratulate the children who worked so hard on their decorative bags with Ms Avan in St Matthias House yesterday morning. What fantastically joyful and colourful bags you have designed - well done! Your excellent and skilful painting, sewing and pasting techniques have resulted in brilliant and unique designs!

Fortunately, not only art lessons have been colourful, and taking a walk past Y3 classroom on Wednesday, I spotted an equally colourful maths lesson in progress, together with a great buzz of excited chatter and deep thinking! Active minds and active fingers - hopefully resulting in correct answers☺

And finally, we head down the stairs and into reception class where we are greeted by some mini but MIGHTY class members decorating the classroom entrance - and brightening up our corridor.

A great deal of colourful learning to keep us on our toes, despite the rather grey skies!

In closing, I would like to invite our parents to St Cuthbert Church next Friday morning for our 9.30am Harvest Festival. After so many months in lockdown, we look forward to celebrating Harvest in our St Cuthbert Church once again and hope that our St Cuthbert families can join us for the occasion.

With best wishes for a relaxing weekend,

Gill Putterill and the St Cuthbert Teaching Team

Year 6's Blog

This week in English we talked about formal and informal language. We wrote sentences with formal language and in the other sentences we used informal language. We wrote a letter about a book called War Horse using only formal language, for (E.G If I were you I would...).

In Maths this week we looked at column subtraction and moving an extra 10 to the number on its left (E.G 2 becomes 3 because of the extra ten). We also looked at the cube column which we used to do 3 digit x 2 digit numbers.

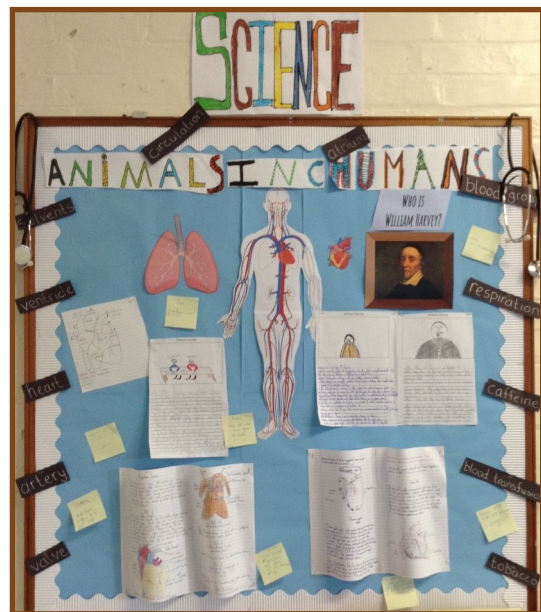

In RE we discussed about the sacrament of baptism and why it's important. Baptism is when you go to church and the priests bless the water to make it Holy. Then after that they put it in a font and pour it on your head while saying a prayer. It is important because once you finish being baptised you become a special member of the church.

In DT we did a mind map about what we know in pencil and what we want to find out in blue pen about chairs. In our next lesson we drew pictures of our commonly used chairs and wrote what materials it was used to make the chairs. We answered questions about the pictures of the chairs we drew. We also annotated our diagrams so we knew what each part does. *By Daniel and Adnan*

A beautiful display in the corridor about our newly elected school council.

An informative Science display of the heart and the respiratory system.

Gabi Y3 "In RE we wrote a Big Write the story of creation. We wrote the creation in the right order. We used amazing adjectives like magnificent and gleaming."

Tala Y1 "In English we have been learning about the Very Hungry Caterpillar. We listed all the things he ate. He ate a lot and had a tummy ace. We used capital letters, finger space and full stops."

Yusuf Y3 "In English we used vowels and consonants in a word game to form the longest word. We played the game in four groups."

Year 5's magnificent collection of moving toys.

Malak Y2 "In Science we are learning about the lifecycle of a frog. Did you know frogs are amphibians that means they need to be by river to survive. The mummy frog lays eggs in the water."

Useful Information to Parents

The NSPCC website is full of useful information on how to keep children safe online.

**ST CUTHBERT
WITH ST MATTHIAS
CHURCH OF
ENGLAND
PRIMARY SCHOOL**

Originally founded as a choir school for St Matthias Church, our school has a rich heritage of education within the context of a Christian framework.

Our school can look back at over a century of providing an excellent education for the children of our community. We have the highest expectations of each one of our children and we work to ensure that every child leaves our school having gained all the important skills and knowledge that will help them become successful in their future life.

**STAR LEARNERS OF THE
WEEK**

Congratulations to you all!

- YN Liam For fantastic concentration when working in a group to make playdough.
- YR Rayan For his fantastic contribution to our RE lesson on the Creation!
- Y1 Tala For trying her best in all subjects this week.
- Y2 Mariatou For being an excellent role model at all times.
- Y3 Youssef S For a excellent work in maths.
- Y4 Ehlan For participating and finishing his work on time.
- Y5 Jennifer For trying your best in all subjects.
- Y6 Finn For putting in an incredible amount of effort to his Big Write this week.

**PRESENTATION HOTSHOTS
OF THE WEEK**

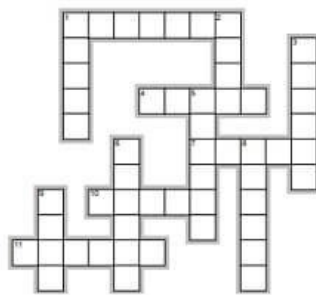

Congratulations to you all!

- YN Vega For writing her name.
- YR Ghaidaa For finding all numbers to 10 in our number hunt.
- Y1 Sonia For her beautiful handwriting.
- Y2 Kodi For super hard work on his writing.
- Y3 Eliza For a beautiful mind map.
- Y4 Jasmine For constantly working hard.
- Y5 Fanuel For constant effort in practising his handwriting.
- Y6 Adnan For a beautifully presented online safety poster!

There will be **exciting prizes**, for the right answer to this week's puzzle handed in on **Thursday**. Please write your name and answer on a separate piece of paper.
Good luck!

Puzzle time

Find the Misspelling Crossword
Circle the misspelled word in each sentence. Write it correctly in the crossword.

- Across
- I never climed this high in the tree before!
 - Tim was the frist one to finish his paper.
 - Sara and Allie hope to see each other agian soon.
 - I won't come outside untill I clear the table.
 - If you lisen closely, you can hear the robins.
- Down
- Max likes to coler with large crayons.
 - What dose your baby brother like it eat?
 - My best friend will be coming to my birthday party.
 - I really want to go to the circus!
 - We ate diner after the school play.
 - It's almost cool enough to need a jacket.
 - My aunt siad she would come over for a visit.

Well Done

Adeena Y5, Imogen Y5, Aya Y6 and Leah Y6 for getting the right answer for last week's puzzle.

Answer to last week's puzzle
