

Loving one another. Learning for our future.

'Our school community is inspired by the parable of the Good Samaritan from the Bible (Luke 10:25-37), where we are encouraged to love one another with courage and compassion. Through friendship, kindness and thoughtfulness, we will nurture each other to learn and flourish as individuals.'

Living our Vision

05 May 2023

Year 6's Blog

Welcome back to Year 6's intriguing blog! And today your news reporters are Lea and Mouemin! This week's weather forecast was sunny with absolutely no rain this week.

This week, we had mainly Maths, English, and revision. So let's get started!

Taking you to the subject of English by your two reporters. During English, Year 6 have been doing mainly grammar and English. On Thursday, we completed two comprehensions one about the sea and one about alien wars. Everyone got full marks since the class worked together to answer the somewhat challenging questions.

Now whisking you away from English and taking you to its well-known enemy— Mathematics. In Maths, we were looking at negative numbers, 2D shapes and angles. We completed various worksheets regarding those subjects. We are working harder than usual because of- YOU GUESSED IT- SATS! Yay ☺. Anyway we love all our subjects.

With that we take you to our penultimate subject- revision.

Because of SAT's we have been revising for one hour every day, if not 2. Sometimes our studying varies, from chrome books to worksheets to whiteboards. This is some SSP (serious SAT's prep). What would you do if you were a week away from Serious Assessment Tests? Let us know! If you can't find us around, you surely will in the year 6 classroom- that's where we usually are after all!

Thanking you for reading our extraordinary news report about stepping into a student's life, our colleagues will talk to you next time! Have a newstastic weekend! *Your reporters, Mouemin and Lea*

SPECIAL DATES

•Bank holiday- for the coronation of King Charles III - 8th May

•Half Term- 29th May – 2nd June

Maria YN "We planted seeds and watered them. They will become Sunflowers when they grow."

Year 4's Blog

Welcome to our marvellous blog!

In Maths we have continued to learn about fractions. We focused on equivalent fractions. They are fractions that are equal to another type of fractions. E.g. $\frac{1}{3} \approx \frac{2}{6}$.

We also looked at mixed fractions. Which are fractions that are greater than whole 1. We usually see them on number line. For example on a number line we $2\frac{1}{4}$, $2\frac{3}{4}$, $2\frac{3}{4}$, $2\frac{4}{4} \approx 3$. We answered questions mixed numbers, counting in fifths and sixths, as well as completing a number line with fractions.

In Science we learnt about conductors and insulators. Conductors are materials that allow electricity to flow through them, e.g. metal, iron, steel, and silver, aluminium, and graphite. Insulators do the opposite and do not allow electricity to flow through them. Some example of insulators are glass cups, candles, rubbers, plastic things. We also looked at metals that are good conductors such as copper, aluminium, and gold.

In RE we continue to learn about what it means to be born in to a Hindu family. When babies are born parent draw the Aum symbol on their tongue. We also learnt about that Hindu boys shave their head at young age, they leave a patch of hair which is called Upanayana. They believe that it will cleanse their past karma. They also believe that get another chance to achieve your goal in another life and another life form. We drew a picture of ourselves as a Hindu person and labelled the different features.

In Art we are working on paintings in a style of window art, of our selves holding something that is important to us. We are using acrylic and poska pens. I (Mark) will be drawing me holding my favourite animal, a cat. I (Ashley) would like to draw a banner with a cross with a sunset behind it. *By Ashely and*

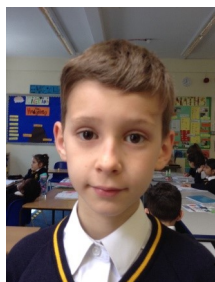

Ilhami YR "We are making crowns because Charles is going to be the new king. Its called a Coronation."

St Cuthbert with St Matthias CE School

“On an increasingly crowded planet, humanity faces many threats – but none is greater than climate change. It magnifies every hazard and tension of our existence.” King Charles III

Martine Y3 *“In RE we have been learning about what it means to be enlightened in Buddhism. It means that a person becomes wise, compassionate, kind, peaceful and happy.”*

Year 5's Blog

Welcome to our Spectacular Splendid Year 5's blog!

In English we have been discussing and listening to different speeches one of them was Malala Yousafzai and Emeline Pankhurst's speech and we have learnt the similarities between the story we have been reading and it is called Floodland and there is a character called Dooby. And he is the protagonist of the speech. We have been trying to act like him and write our speeches to convince the islanders to be the leader. We have to include the following: punctuation, adverbs, verbs and promises, rule of three, rhetorical questions and e.c.t.

In DT we have been learning about instruments and we have been designing our instruments. After we finished designing our instruments, we made them out of stuff like cardboard, paper and tape. We fully made a page about what steps we went through and what are prediction on what it would look like. We made other sets of instruments out of jars. An example is water in a jar with elastic bands and bottle lids in the water with the lid on our entire class made them in groups of 2 or 3. Every one of the instruments was amazing then we drew all of the instruments in our book to show what types of instruments we had made.

In Maths we have been learning about fractions and presents for example $4/100 = 4\%$ and another example is $5/10 = 50\%$. We learnt that the equivalent fractions are equal to percentages. We have been doing some worksheets on fractions and percentages with questions that say to shade in percentages of the hundred square and adding up certain fractions and percentages.

In RE we have been doing Sikhism and learning about guru Har Ri and guru Hargobind and he carried two kirpans and one of them represents peri and the other represents miri. Miri is the temporal world and peri to represent the spiritual world. We have written about Sikh funerals and what we know more interesting facts.

By Cole and Mehdi

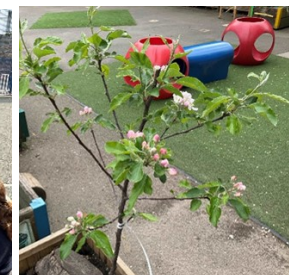

HEADTEACHER'S LETTER

Dear St Cuthbert children and parents,

With so much chatter about king, coronation and crown in the news this week, our reception children decided to keep up to speed with great happenings in town as well. Golden and bejewelled crowns adorned many heads in our reception class yesterday, as the children set about their daily learning! Outdoors, we even spotted some of our St Cuthbert plants showing off their colourful blossoms for this special occasion!

Despite our shorter week, we had three classes out on trips, with our Y1 class heading to Leighton House to create bug hotels, our Y2 class meeting the Mayor and our Y4 class enjoying a fantastic trip to the London Coliseum to take part in a 'Discover Opera' workshop with the English National Opera.

“The best moment was when the opera singer sang a piece from Romeo and Juliet and then Hansel and Gretel. She sang so many high notes! It was just so beautiful!” (Gabi); “The auditorium was massive. The wires that lift the set are so strong they can lift the weight of a double-decker bus!” (Lewis). A huge thank you to the team at the ENO for such a great opportunity for our pupils.

And, in between all this excitement, we all made time in class worship to be silent and thankful for so many special opportunities and moments in our lives.

Finally, a reminder that we have second hand uniform on sale – available via our school website.

But now, it's already time for another long weekend and we wish you an exciting and safe three days. We look forward to seeing you back with us on Tuesday 9th May.

Best wishes,

Miss Putterill and the St Cuthbert Teaching Team

Good Samaritan

This week our Good Samaritan is Neimah (Y3) for daily helpfulness in our dinner hall.

Haider Y1 "In Leighton House, we planted seeds. We saw some paintings and played in the garden."

Lyla Y3 "We are learning to identify adverbs. They tell us about time, place, and manner. E.g. slowly, everywhere, and happily."

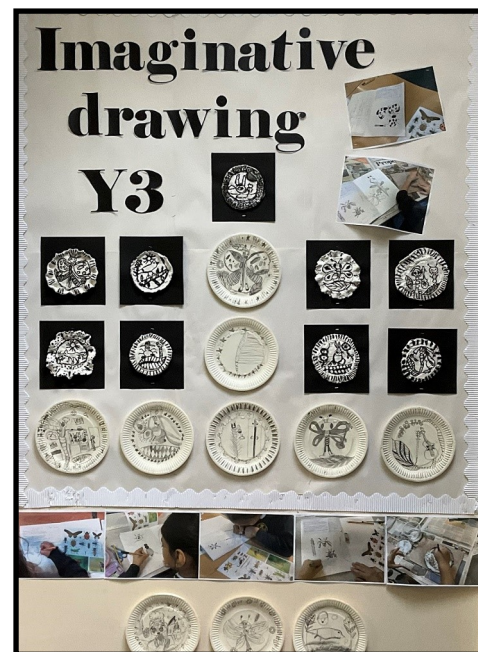

Year 2's Science project about materials focusing on floating boats.

Sonia Y2 "We went to Leighton House again and met the mayor of RBKC. We asked him lots of questions, like if he was rich and where he lived. We then rolled down the small hill and had fun."

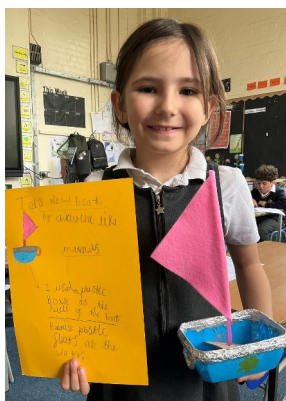

Raphael Y1 "In English we are learning how create and describe a character in our stories. My character is a brown Bear. He has a round ear."

Year 3's exquisite and creative drawings.

Christina Y2 "We made boats for our Science project. It was about materials. I made my boat from plastic so it can float on water. I also made a poster."

This Week's Attendance

Class	Attendance
Y6	98.6%
Y3	93.8%
Y4	90.8%
YR	89.7%
Y5	89.4%
YN	87.9%
Y1	83.9%
Y2	76.7%
Total	88.9%

Congratulations to our amazing kitchen staff, Gina and her team, for achieving the highest standard! Well-done!

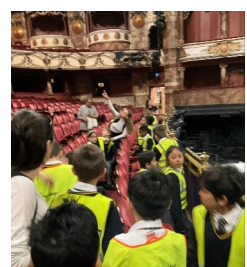

A beautiful display of spaceships and the planets from Reception class.

Year 4's trip to the London Coliseum.

Music Maestros of the week:
Prince (Y3) for making really good choices. **Gabriel (Y4)** excellent engagement in new topic about bi Bands. **Aisha (Y5)** for writing excellent lyrics for a gospel song.

**ST CUTHBERT
WITH ST MATTHIAS
CHURCH OF
ENGLAND
PRIMARY SCHOOL**

Originally founded as a choir school for St Matthias Church, our school has a rich heritage of education within the context of a Christian framework.

Our school can look back at over a century of providing an excellent education for the children of our community. We have the highest expectations of each one of our children and we work to ensure that every child leaves our school having gained all the important skills and knowledge that will help them become successful in their future life.

**STAR LEARNERS OF THE
WEEK**

Congratulations to you all!

YR	Charsey	For being so happy and positive his week.
YR	Nathaniel	For being able to recall many facts about our world in space.
Y1	Whole Class	For showing much enthusiasm and eagerness for their learning during our school trip.
Y2	Tala	For trying her absolute best to prepare for SATS
Y3	Malak	For showing an excellent knowing about dangers in he kitchen.
Y4	Oliver and Hannah	For an a mazing participation during our school trip.
Y5	Lillymae	For being consistently well-behaved and asking for help when she needs it.
Y6	Jennifer	For making great strides in her learning with Miss Butters.

Puzzle time

Coronation Wordsearch

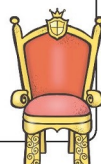

Can you find the coronation words in the wordsearch below?

j	c	h	a	r	l	e	s	p	o	r	j
c	r	o	w	n	b	b	y	j	s	o	t
b	b	l	f	b	i	m	l	t	i	y	h

royal
Camilla

**HOME LEARNERS OF THE
WEEK**

Congratulations to you all!

YN	Lara	For her beautiful rainbow picture.
YR	Ilhami and Selena	For their excellent effort in researching facts about Tim Peake.
Y1	Kylo	For creating an amazing model to represent the Seasons.
Y2	Christina	For making an excellent boat and a poster for her project.
Y3	Neimah and Raya	For creating a beautiful puppet theatre.
Y4	Yusuf	For a very well designed sound poster.
Y5	Jasmine	For consistently completing homework to her best ability.
Y6	Dani	For a well-written creative and descriptive piece

DOUBLE PARKING

Please can parents respect our request not to double-park at drop-off and pick-up times. This creates danger for our pupils and blocks exits and entrances for residents. If this issue persists, the residents will take action by asking the council to block the road.

Answer to last week's puzzle

MERRY MONTH OF MAY

Word Search

DIRECTIONS:
Find and circle the vocabulary words in the grid. Look for them in all directions including backwards and diagonally.
