

'Our school community is inspired by the parable of the Good Samaritan from the Bible (Luke 10:25-37), where we are encouraged to love one another with courage and compassion. Through friendship, kindness and thoughtfulness, we will nurture each other to learn and flourish as individuals.'

Loving one another. Learning for our future.

St Cuthbert's with St Matthias CofE Primary School Equality Policy and Objectives 2020

Adopted: Autumn 2021

Reviewed: Autumn 2022

Introduction

St Cuthbert with St Matthias CE School is an inclusive school where we focus on the well-being and progress of every child and where all members of our community are of equal worth.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement of different groups.

We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

Our approach to equality is based on the following 7 key principles

- 1. All learners are of equal value.** Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.
- 2. We recognize, respect and value difference and understand that diversity is a strength.** We take account of differences and strive to remove barriers and disadvantages which people may face, in relation to disability, ethnicity, gender, religion, belief or faith and sexual orientation. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.
- 3. We foster positive attitudes and relationships.** We actively promote positive attitudes and mutual respect between groups and communities different from each other.
- 4. We foster a shared sense of cohesion and belonging.** We want all members of our school community to feel a sense of belonging within the school and wider community and to feel that they are respected and able to participate fully in school life.
- 5. We observe good equalities practice for our staff.** We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development
- 6. We have the highest expectations of all our children.** We expect that all pupils can make good progress and achieve to their highest potential
- 7. We work to raise standards for all pupils, but especially for the most vulnerable.** We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school.

Purpose of the policy

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). This means that schools cannot discriminate against pupils or treat them less favourably because of their sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity.

Age and marriage and civil partnership are also “protected characteristics” but are not part of the school provisions related to pupils.

The Act requires all public organisations, including schools to comply with the Public Sector Equality Duty and two specific duties

The Public Sector Equality Duty or “general duty”

This requires all public organisations, including schools to

- Eliminate unlawful discrimination, harassment and victimisation
- Advance equality of opportunity between different groups
- Foster good relations between different groups

Two “specific duties”

This requires all public organisations, including schools to

1. Publish information to show compliance with the Equality Duty
2. Publish Equality objectives at least every 4 years which are specific and measurable

This policy describes how the school is meeting these statutory duties and is in line with national guidance. It includes information about how the school is complying with the Public Sector Equality Duty and also provides guidance to staff and outside visitors about our approach to promoting equality.

Appendix 1 is a checklist of key equality considerations

Links to other policies and documentation

Although this policy is the key document for information about our approach to equalities in line with the Public Sector Equality Duty, we ensure that information about our responsibilities under the Equality Act are also included in our school development plan, self- evaluation review, school website and newsletters.

The Equality Act also applies to schools in their role as employers, and the way we comply with this are found in our recruitment policy.

What we are doing to eliminate discrimination, harassment and victimisation

- We take account of equality issues in relation to admissions and exclusions; the way we provide education for our pupils and the way we provide access for pupils to facilities and services.
- We are aware of the Reasonable Adjustment duty for disabled pupils – designed to enhance access and participation to the level of non-disabled pupils and stop disabled children being placed at a disadvantage compared to their non-disabled peers.
- We will challenge and eliminate any discrimination that arises out of a child’s disability –including any practice or behaviour that prevents a child enjoying and making good progress in lessons

- The Headteacher ensures that all appointment panels give due regard to this policy so that no one is discriminated against when it comes to employment, promotion or training opportunities.
- We ensure that those who are affected by a policy or activity are consulted and involved in the design of new policies, and in the review of existing ones.
- We take seriously the need to consider the equality implications when we develop, adapt and review any policy or procedure and whenever we make significant decisions about the day today life of the school. We make a record of each specific equality consideration and this is available for review if required.
- We actively promote equality and diversity through the curriculum and by creating an environment which champions respect for all.
- Our admissions arrangements are fair and transparent, and we do not discriminate against pupils by treating them less favourably on the grounds of their sex, race, disability, religion or belief, sexual orientation, gender reassignment.

Behaviour, Exclusions and Attendance

The school Policy on Behaviour - Rewards, Sanctions and Exclusions - takes full account of the new duties under the Equality Act. We make reasonable, appropriate and flexible adjustment for pupils with a disability. We closely monitor data on exclusions and absence from school for evidence of over-representation of different groups and take action promptly to address concerns.

Addressing prejudice and prejudice based bullying

The school challenges all forms of prejudice and prejudice-based bullying, which stand in the way of fulfilling our commitment to inclusion and equality:

- prejudices around disability and special educational needs
- prejudices around race, religion or belief, for example anti-Semitism and Islamophobia, Travellers, migrants, refugees and people seeking asylum
- prejudices around gender and sexual orientation, including homophobic and transphobic attitudes

We keep a record of different prejudice-related incidents and provide a report to the governors about the numbers, types and seriousness of prejudice-related incidents at our school and how we dealt with them. We review this data termly and take action to reduce incidents

What we are doing to advance equality of opportunity between different groups

- We know the needs of our school population very well and collect and analyse data in order to inform our planning and identify targets to achieve improvements.
- We have procedures, working in partnership with parents and carers, to identify children who have a disability through our pupil admissions meetings.
- We collect data and monitor progress and outcomes of different groups of pupils and use this data to support school improvement. We take action to close any gaps, for example, for those making slow progress in acquiring age-appropriate literacy and number skills.

We collect, analyse and, where required, publish data:

- on the school population by gender and ethnicity;
- on the % of pupils identified as having a special educational need and/or disability and by their principal need or disability;
- by year group – in terms of ethnicity, gender and proficiency in English;

- We analyse standards reached by different groups at the end of each key stage including:

- FSM and non-FSM
- Ethnicities
- Pupil Premium/FSM
- EAL
- All SEN
- EHCP children
- Looked after Children
- Asylum Seeker children
- We also collect, analyse and use data in relation to attendance and exclusions of different groups
- We are aware that the legislation relates mainly to current but also to future pupils – we will for example, be sufficiently prepared to meet the needs of any child, regardless of their need and background
- We avoid language that runs the risk of placing a ceiling on any pupils' achievement or that seeks to define their potential as learners – we have high aspiration for all
- We use a range of teaching strategies that ensures we meet the needs of all pupils
- We provide support to pupils at risk of underachieving
- We are alert and proactive about the potentially damaging impact of negative language in matters such as race, gender, disability and sexuality.

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between, for example:

- disabled and non-disabled people
- people of different ethnic, cultural and religious backgrounds
- girls and boys

We ensure equality of access for all pupils to a broad and balanced curriculum, removing barriers to participation where necessary.

We have also implemented an Accessibility Plan for a three year period designed to: increase the extent to which pupils with disability can participate in the curriculum; improve the physical environment and; improve the availability of accessible information to disabled pupils.

Positive Action

We will take positive and proportionate action to address the disadvantage faced by particular groups of pupils with particular protected characteristics, such as targeted support. The actions will be designed to meet the school's Equality Objectives.

What we are doing to foster good relations

- We prepare our pupils for life in a diverse society and ensure that there are activities across the curriculum that promotes the spiritual, moral, social and cultural development of our pupils.
- We teach about difference and diversity and the impact of stereotyping, prejudice and discrimination through PSHE and citizenship and across the curriculum.
- We use materials and resources that reflect the diversity of the school, population and local community in terms of race, gender, sexual identity and disability, avoiding stereotyping.
- We promote a whole school ethos and values that challenge prejudice based discriminatory language, attitudes and behaviour.
- We provide opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures.

- We include the contribution of different cultures to world history and that promote positive images of people
- We provide opportunities for pupils to listen to a range of opinions and empathise with different experiences
- We promote positive messages about equality and diversity through displays, assemblies, visitors, whole school events e.g. Black History Month

In order to ensure that the work we are doing on equalities meets the needs of the whole school community we:

- review relevant feedback from the annual parent questionnaire, parents' evening, PTA and/or focus meetings or governors' parent-consultation meetings
- secure and analyse responses from staff surveys, staff meetings and training events
- review feedback and responses from the children and groups of children, from pupil Eco Warrior meetings, pupil leadership team meetings, PSHE lessons, pupil interviews linked to monitoring focus
- analyse issues raised in Annual Reviews or reviews of progress on Personalised Education Plans, Provision Maps, mentoring and support
- ensure that we secure responses and feedback at Governing Body meetings and from governing body committees.

Publishing Equality Objectives

The objectives which we identify represent our school's priorities and are the outcome of a careful review of and analysis of data and other evidence. They also take into account national and local priorities and issues.

We evaluate our success in meeting the Public Service Equality Duties by the extent to which we **achieve improved outcomes** for the different groups. We produce Equality data Analysis through our Vulnerable Pupil Grid which inform our discussions about the Equality Objectives. This is reviewed in PWCE governor meetings.

Our Equality Objectives for 2020-2023 are:

Targets	Evidence		
	2020-21	2021-22	2022-23
To monitor and analyse pupil achievement by race, gender and disability and act on any trends or patterns in the data that require additional support for pupils.	Data collections did not take place in this academic year due to lockdown	We review end of phase data for groups of learners EAL, SEN, PP and gender. We monitor attendance by groups knowing that attendance impacts on progress. Analyses are presented to governors.	
To raise levels of attainment in core subjects for vulnerable learners.		Half termly progress meetings evidence that actions are taken to ensure vulnerable pupils are receiving support to enable them to succeed.	
To review levels of parental and pupil engagement in learning and school life, across all activities to ensure equity and fairness in access and engagement.		Strong parent feedback in summer term survey, with majority of parents completing positive responses relating to school life for their children.	

These objectives inform areas of the school development plans.

Monitoring and reviewing objectives

We review and update our equality objectives every three years and report annually to the governing body on progress towards achieving them. We involve and consult staff, pupils, governors and parents and carers.

Roles and Responsibilities

We expect all members of the school community and visitors to support our commitment to promoting equalities and meeting the requirements of the Equality Act.

Governing body

The governing body is responsible for ensuring that the school complies with legislation, and that this policy and its related procedures and action plans are implemented.

Every governing body committee keeps aspects of the school's commitment to the Equality Duty under review, for example, in terms of standards, curriculum, admissions, exclusions, personnel issues and the school environment. Governors annually review the Equality Policy and evaluate the success of the school's Equalities Work taking account of quantitative evidence (e.g. data) and qualitative evidence (e.g. surveys)

Headteacher and Leadership team

The Headteacher is responsible for implementing the policy; for ensuring that all staff are aware of their responsibilities and are given appropriate training and support; and for taking appropriate action in any cases of unlawful discrimination.

Teaching and Support Staff

All teaching and support staff will:

- promote an inclusive and collaborative ethos in their classroom
- challenge prejudice and discrimination
- deal fairly and professionally with any prejudice-related incidents that may occur
- plan and deliver curricula and lessons that reflect the school's principles, for example, in providing materials that give positive images in terms of race, gender and disability
- maintain the highest expectations of success for all pupils
- support different groups of pupils in their class through differentiated planning and teaching, especially those who may (sometimes temporarily) find aspects of academic learning difficult
- keep up-to-date with equalities legislation relevant to their work.

Visitors

All visitors to the school, including parents and carers are expected to support our commitment to equalities and comply with the duties set out in this policy. We will provide guidance and information in school newsletters to enable them to do this.
