Year 6's Blog

English

In English we were given simple sentence that we had to improve using top writing devices such as fronted adverbials, adjectives, adverbs and top punctuation (;, : ... ! -). We had to write about an object of our choice and describe the setting of where it was placed.

Maths

In maths we have 2 different groups. In the highest group we did a test this Wednesday, which was simple for a few but hard for the others. We also played a maths game to relax a bit after the test. In the other groups, they are learning about positive and negative numbers.

RE

In R.E we have been learning about life and death. We carried on drawing a stairway to heaven, there were many different unique like an eye looking at a stairway etc. We also had to answer a few question Miss Kennedy gave us such as: what does 'commemorate' mean? The definition of commemorate is to remember or show respect. We also made a mind map about coping with grief and symptoms of grief. Written by Jacob and Elizabeth

Harvest Festival

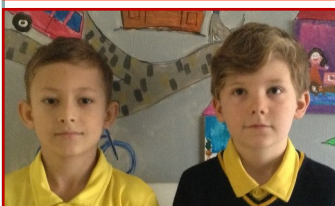

To celebrate Harvest Festival the school has been making some delicious potato soup. We used butter, potatoes, onions, homemade chicken stock or vegetable stock, creamy milk, salt, freshly ground black pepper, and freshly chopped herbs to garnish. We took turns to help make the soup with the kind adults. Before we had a turn we had to plan our cooking and adjust the recipes to cook enough soup for everyone. In order to do that, we had to double the ingredients then we had to triple the ingredients, we also made a chart on the weight of different items. *By Elizabeth and Jacob*

SPECIAL DATES

- **Autumn half term
October 21-25**
- **Harvest Festival
celebration Thurs-
day 17th October 10
am, St Cuthbert
Church**
- **Reading and Lan-
guage workshop
Nursery, Recep-
tion, Y1 and Y2
parents: Tuesday
15th October 9am
in our school hall**

Sarah YR, "I drew rain-
bow snails as they walk
on the grass. I drew them
from my imagination. I
got a gold sticker from
Miss Putterill."

Year 5's Blog

In science we have begun a new topic about forces, and the different kinds of forces in our universe. The science of physics all started with forces. A force isn't something you can touch – it's more of an idea. A pretty simple idea too: a force is just a push or a pull, like a footballer kicking a ball. Examples of some forces are: gravity, air resistance, friction, applied force, reaction force and buoyancy. We

also wrote the recipe for our potato soup. We learnt about the difference between ounces and grams. Ounces are an imperial measurement and grams are metric. There are around 25 grams in one ounce.

In English we have been reading on in our text 'Cloud Busting' by Malorie Blackman. This week, we have been writing shape poems; shape poems take the shape of a relevant object. Firstly, we wrote shape poems on a scrap piece of paper, then we rewrote it in our English books and made a real shape poem, making it neat as possible. Our shape poem was the outline of a person, to be precise, Sam, who is a bully. We considered how the bully appears to be, and wrote this on the outside of our poems. Then, we identified feelings and motivations of the bully and wrote these on the inside of the outline to form our poem.

In Maths we have been learning about Roman numerals and what the numbers mean. We also found out that at every ending (the credits) of a BBC programme, the current year is displayed in Roman numerals (MMXIX). We have also been learning about partitioning so that we can add and subtract mentally.

We have been creating leaflets for a parish church or a hospital chaplaincy informing people about what the miracles of Jesus teach, bringing all of our fantastic learning together for this unit! *By Illya and Noah*

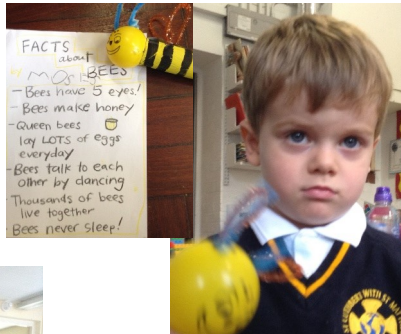

Remaine Y2, our Good
Samaritan this week, "I
shared my junk model
with another boy who
didn't finish his."

PTA Announcement

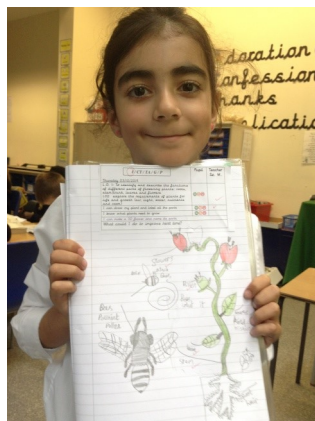

Come join us for coffee mornings which take place between 9-10 am, every fortnight on Thursdays and are held in St Matthias House. Next meeting is on 17th October at 9am.

Moses YN, "I made my bee and facts with my mum at home. My bee has an antenna and wings for flying."

Anand Y1, "Today we wrote questions to God on a post it. We can ask God any question. I asked how many stars there are in the universe."

Serena Y3, "In Science we are learning about plants. How they grow and how bees help them to pollinate."

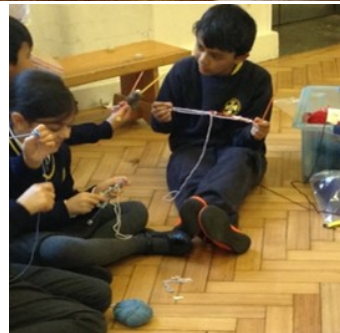

Giya Y2, "We read 'The wolf and the seven Little kids. We then drew the characters and we wrote the story'"

HEAD TEACHER'S LETTER

Dear St Cuthbert children and parents,
This week it's picture news! And what a great way to share the varied activities that have been shaping our week...Enrichment puppet-making and knitting, Soup Day soup sampling, some beautiful bees (and bee booklets), a Once upon a time story from Y2, AND extended science home learning by two Y6 students!

Year 4's Blog

In maths we have been learning about column addition.

In R.E we have been learning about David and Goliath. We wrote what our fear was and we stuck them on Goliath. In our Big Write we wrote the story of David and Goliath as a report.

For Science we were learning about the body. We learned about the digestive system. We labelled the pieces or the parts of the system.

For our homework we did a poster of our favourite author. Our favourite authors are Jeff Kinney and Rachel Renee Russell. They write books about a kid's life in diary form.

By Ibrahim and Aya

A snapshot of our learning! And now no room for any more words! We look forward to seeing more bees in school on Monday and we wish you a happy, warm and dry weekend!

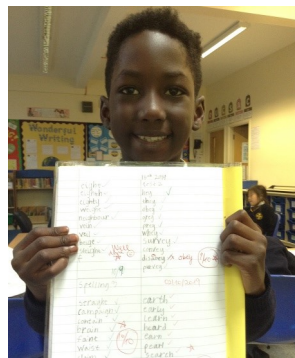

Gill Putterill and the St Cuthbert Teaching Team

[@SCwSMPPrimary](https://twitter.com/SCwSMPPrimary)

Lack of awareness of grape choking hazard puts children at risk, say doctors.

Please do not pack grapes as part of lunches or snacks. They are a choking hazard and we need to minimise risk of choking.

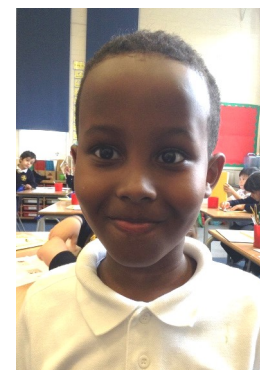

Hassan Y3, "My teacher, Mrs Martina said she is so proud of me for getting highest marks constantly. I always practice for two days for three hours."

"Develop an 'attitude of gratitude'. Say thank you to everyone you meet for everything they do for you." Brian Tracy

Year 2's fantastic collage of the Wolf and the Seven Kids story

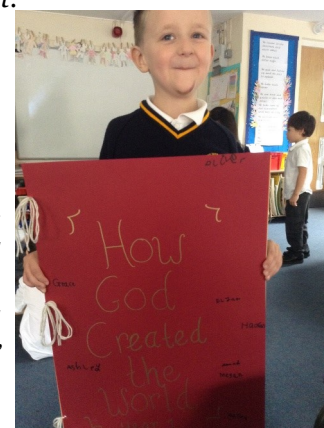

We are celebrating black history by learning about the lives of incredible black people.

On Tuesday we celebrated soup day by making delicious soups with some ingredients from our garden.

Abdul Y2,
"We learnt about number bonds 10, 20 and 100 and we also learnt to subtract."

Oliver Y1,
"We made a gigantic book called 'How God created the world. We all signed it.'"

Earls Court Farmers' Market

Earls Court Farmers' Market open on Sundays at our St Cuthbert's with St Matthias School.

Every Sunday 10am-2pm

The freshest, most seasonal produce direct from the farm, fishing boat, bakery or dairy. Every Sunday come and shop, meet your friends and neighbours. The farmers market is the friendliest place to shop, try something different, talk to our farmers and fishermen, see what they recommend for dinner!

Bring the whole family.

Kids love farmers' markets too.

STAR LEARNERS OF THE WEEK

Congratulations to all of you!

| | | |
|---|------------|---|
| N | Patrick | For making soup and cutting sensibly. |
| R | Sarah | For an imaginative painting of a rainbow snail. |
| 1 | Maxwell | For always working well in a team and helping others when they need it. |
| 2 | | |
| 3 | Christelle | For scoring 15/15 in Maths assessment. |
| 4 | Bryan | For having full focus in all of his learning. |
| 5 | Haniya | For always taking pride in the presentation of her work. |
| 6 | Anaheed | For her very quick offer of kindness to a guest volunteer reader in our school on Thursday. |

**ST CUTHBERT
WITH ST MATTHIAS
CHURCH OF
ENGLAND
PRIMARY SCHOOL**

Originally founded as a choir school for St Matthias Church, our school has a rich heritage of education within the context of a Christian framework.

Our school can look back at over a century of providing an excellent education for the children of our community. We have the highest expectations of each one of our children and we work to ensure that every child leaves our school having gained all the important skills and knowledge that will help them become successful in their future life.

| Class | Attend |
|-------|--------|
| Y5 | 99.0% |
| Y6 | 97.8% |
| Y3 | 96.1% |
| YR | 94.7% |
| Y4 | 94.4% |
| Y1 | 92.9% |
| Y2 | 87.5% |
| YN | 86.0% |
| Total | 93.4% |

Notice

All scooters must be padlocked at the scooter park. This will help them stay safe and will keep the entrance looking neat.

*Well Done Tariq Y6
for getting the right answer for last week's puzzle.*

There will be ~~exciting prizes~~, for the right answer to this week's puzzle handed in on **Thursday**. Please write your name and answer on a separate piece of paper. Good luck!
