

Behaviour principles for all students effective from Monday 1st June 2020

All pupils must:

- follow any altered routines for arrival or departure
- follow school instructions on hygiene, such as frequent handwashing and sanitising
- follow instructions on who pupils can socialise with at school
- move around the school as per specific instructions (for example, one-way systems, out of bounds areas, queuing)
- follow expectations about sneezing, coughing, tissues and disposal ('catch it, bin it, kill it') and avoid touching their mouth, nose and eyes with hands
- tell an adult if they are experiencing symptoms of coronavirus
- follow rules about sharing any equipment or other items including drinking bottles
- follow amended expectations about breaks or play times, including where children may or may not play
- follow rules on use of toilets
- follow clear rules about coughing or spitting at or towards any other person
- follow clear rules for pupils at home about conduct in relation to remote education
- adhere to the rewards and sanction system where appropriate

If students fail to follow these rules, the school will use its behaviour policy to issue yellow card or red card consequences.

Principles for all staff effective from Monday 1st June 2020

- Do not come to work if you have coronavirus symptoms, or go home as soon as these develop (informing your manager), and access a test as soon as possible.
- Clean your hands more often than usual - with running water and soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hands are covered.
- Use the 'catch it, bin it, kill it' approach.
- Avoid touching your mouth, nose and eyes.
- Clean frequently touched surfaces often using standard products, such as detergents and bleach.
- Think about ways to modify your teaching approach to keep a distance from children in your class as much as possible, particularly close face to face support (noting that it's understood that this is not possible at all times, which is why hygiene and hand cleaning is so important).
- Consider avoiding calling pupils to the front of the class or going to their desk to check on their work if not necessary.
- Help your class to follow the rules on hand cleaning, not touching their faces, 'catch it, bin it, kill it' etc. including by updating your classrooms displays with posters.
- Prevent your class from sharing equipment and resources (like stationery).
- Keep your classroom door and windows open if possible for air flow.
- Limit the number of children from your class using the toilet at any one time.
- Limit your contact with other staff members, and don't congregate in shared spaces, especially if they are small rooms.
- Make sure you've read the school's updated behaviour policy and know what role in it you're being asked to take.

Thank You
