

History Project Autumn 2

Stone Age

1. Please have a go at signing into Google Classroom. You will see the assignment set there.
2. Once completed please take a photo of your work and upload to Google Classroom.
3. Feel free to bring your project into class to share.

Due date: 14th December 2020

Project for this half term: Research the Stone Age and get creative!

What arts and crafts can you make from the Stone Age?

Some ideas:

Activity:

paint or carve a design on to your beads.

Make your own Stone Age jewellery using salt dough and twine.

Using salt dough you can shape your beads into animal teeth, bones or even shells. Don't forget to decorate it with

Activity:

Create your own prehistoric Cave Paintings at home. Check out some images of Cave Paintings online and give it a go. Try using similar colours to those used in the real paintings such as browns, reds and yellows. Copy the style of the paintings and include images of Stone Age animals, prehistoric weapons and more.

Activity:

Make your own Stone Age axe.

Using newspaper and paper mache, form your sharp rock and stick. Then combine together and decorate using paint and twine.
