

Our Royal Park project

Over the next two weeks, instead of your Circle Time, Enrichment time and some of your PE time in school, we would like you to complete the following project.

Choose your favourite Royal London Park
(<https://www.royalparks.org.uk/>)

Visit the park

Research the website for this park

Create a brochure of excellence **persuading** people to visit this park as part of their daily exercise

Your brochure can be in a special format: zigzag design, fold out design, scroll design or your own unique design!

Include factual information

Include pictures/maps/photographs. You can take your own photographs and print them off if you have the facility to do this

Use these subheadings:

- ❖ Things to do in the park in winter (you can think of some of your own exercise ideas here as well!)
- ❖ How to get there (include a map and directions)
- ❖ Contact information (take this from the Park's website)
- ❖ Wildlife in the park in winter and how it survives
- ❖ Interesting historical facts about this park

Brochures of excellence will be uploaded onto our website in coming weeks along with our newsletters!

DUE DATE: First day back to school in spring term.
