

## **Homework club**

Are you tired of trying to get our children away from the PlayStation to get their home work completed???, or daily reading done??, running out of time in the evening before bed????

Well look no further I have you covered. Sign up for the home work club this term and say good bye to frustrating evenings of rustling through the book bag before bed...

Lead by our fantastic staff here at the school, we have the additional help and aid of education professionals supplied by ***Bonas MacFarlane Tutors.***

Take advantage of the fantastic support we have here to help push the understanding of our children with all their homework and project needs! We're lucky to have such a strong team here to support our children in and outside of the classroom.
