September 2022

Dear parents and guardians

As we embark on a fantastic autumn term, I'm currently looking forward to the spring and have some ideas I'll need your help with.

I'm always looking to build a successful program for the **After-School club** and the **Playcentre** and improve on previous efforts, so feedback is always vital and important. So please can you provide feedback in the following space below.

I currently would like to start building the program, looking towards being able to include such clubs again as ***swimming***, ***cooking club***, ***judo***, ***non-contact boxing***, ***rock climbing***, ***coding and capoeira*** to name a few. As these are specialist clubs these will require a higher number of attendees to join to keep the club at a reasonable price and cost for families.

Please can you confirm which clubs you might be interested in followed by your feed back on previous programs and what we can do as a school community to improve our service and hand back your response to the class teacher at the earliest possible time.

Yours sincerely

Anthony Reid

ASC Co-Ordinator

✂----------►

- Swimming
- Judo
- Coding
- Cooking
- Non-Contact Boxing
- Rock Climbing
- Capoeira (Brazilian Dance)

Please use this space to provide feedback on the **After-School program** and **Playcentre**:
